### **PLEASE SHARE YOUR FEEDBACK WITH US**

The Wholefood Farmacy Team is dedicated to encouraging changes in our society that can create a healthier path for our children and future generations to follow.

By sharing your feedback with us, you too have the opportunity to encourage a positive change in the lives of many others. Many people have been encouraged to try a 13-Day Nutritional Event as the result of reading feedback that someone else was kind enough to share.

If your feedback “hits home” with only one person, you will have planted a “seed of health” in that person. Over time, that “seed of health” can blossom to create a healthier path in the lives of many others.

If you would like to share your feedback after you complete your 13-Day Nutritional Event, please feel welcome to send it:
